

(TMI Focus, Vol. XII, No. 4, Fall 1990)

## **IN MEMORY OF BOB TOLLAKSEN**

It is with great poignancy that we acknowledge the passing of our longtime friend and valued associate. Bob Tollaksen, who died suddenly near his home in Stevensville, Michigan, on the 26th of May. Bob had been an active *GATEWAY OUTREACH* Trainer, and a member of the Professional Division since 1985. Through his work as a clinical psychologist specializing in pain management, Bob contributed dramatically to the lives of his many clients.

TMI joins with the hundreds of others who have experienced the love, humor, and caring which Bob expressed in his relationships, both personally and professionally. His absence will be deeply felt on the physical plane.
